

School	Discipline	Major
School of Astronautics	Automation	Automation
		Detection Guidance and Control Technology
		Intelligent Equipment and System
	Composite Materials and Engineering	Composite Materials and Engineering
		Smart Materials and Structures
	Aircraft Design and Engineering	Aircraft Design and Engineering
		Aircraft Environment and Life Security Engineering
		Space Science and Technology
	Photoelectric Engineering	Electronics Science and Technology
		Opto-Electronics Information Science and Engineering
	Microelectronics Science and Engineering	Microelectronics Science and Engineering
School of Electrical Engineering and Automation	Electrical Engineering and Automation	Electrical Engineering and Automation
		Building Electricity and Intelligence

School of Electronics and Information Engineering	Information and Communication Engineering	Communication Engineering
		Electromagnetic Field and Wireless Technology
		Electronic Information Engineering
		Remote Sensing Science and Technology
		Information Countermeasure Technology
		Intelligent Control Engineering
Faculty of Computing	Computer	Computer Science and Technology
		Information Security
		Internet of Things Engineering
		Artificial Intelligence
		Data Science and Big Data Technology
		Software Engineering
		Cyberspace Security
School of Mechatronics Engineering	Robotics and Intelligent Manufacturing	Mechanical Design Manufacturing and Automation
		Mechatronics Engineering
		Flight Vehicle Manufacturing Engineering
		Industrial Engineering
		Robot Engineering
		Intelligent Manufacturing Engineering
School of Materials Science and Engineering	Advanced Materials and Material Forming Engineering	Material Forming and Controlling Engineering
		Materials Science and Engineering
		Material Physics
		Welding Technology and Engineering
		Additive Manufacturing Engineering
		Photoelectric Information Materials and Devices
		Electrical Encapsulation Technology

School of Energy Science and Engineering	Smart Energy and Aerospace Power	Energy and Power Engineering
		Aircraft Power Engineering
		New Energy Science and Engineering
		Energy Storage Science and Engineering
School of Instrumentation Science and Engineering	Precision Instrument and Intelligence	Precise Instrument
		Intelligent Perception Engineering
		Measurement and Testing Technology and Instrument
School of Chemistry and Chemical Engineering	Functional New materials and Chemical Industry	Chemical Engineering and Technology ★
		New Energy Materials and Devices
		Polymer Materials and Engineering
		Applied Chemistry
	Chemistry	Materials Chemistry (Science)
		Chemistry (Science)
School of Environment	Water Supply and Sewerage Engineering	City Water System Engineering
		Water Supply and Sewerage Engineering
	Environmental Science and Engineering	Environmental Engineering
		Environmental Science (Science)
		Environmental Ecological Engineering
School of Civil Engineering	Civil Engineering	Civil Engineering ★
		Intelligent Construction
		City Underground Space Engineering
		Engineering Management

School of Architecture	Architecture	Architecture (five years)
		Smart Building and Construction
		Urban Planning (five years)
		Landscape Architecture (five years)
		Building Environment and Energy Application Engineering
		Industrial Design
	Digital Media Art	Digital Media Art (Art)
	Environmental Design	Environmental Design (Art)
School of Transportation Science and Engineering	Road, Bridge and Traffic Engineering	Road Bridge and River-Crossing Engineering
		Traffic Engineering
		Transportation Equipment and Control Engineering
School of Mathematics	Statistics	Statistics (Science)
School of Physics	Optical Information Science and Technology	Optical Information Science and Technology (Science)
School of Life Science and Technology	Engineering Experimental Class (Medical Category 2)	Bio-technique (Science)
		Bioengineering
		Integrated Science

School of Management	Management	Information Management and Information System (Management)
		Big Data Management and Application (Management)
		Computational Finance (Management)
		E-commerce (Management)
		Business Administration (Management)
		Marketing (Management)
		Accounting(Management)
		Financial Management (Management)
		Digital Economy
		International Economy and Trade (Economics)
		Finance (Economics)
School of Humanities, Social Sciences and Law	Sociology	Sociology
	Law	Law
	Economics	Economics (Economics)
	Chinese Language and Literature	Chinese Language and Literature (Literature)
School of Foreign Languages	English	English
	Russian	Russian
	Japanese	Japanese
	International Organizations and Global Governance	International Organizations and Global Governance
School of Medicine and Health	Engineering Experimental Class (Medical Category 1)	Bioinformatics
		Intelligent Medical Engineering
		Biomedical Science
Note：★ represents undergraduate English program.
